

Commitment By Americans Made For Free World

FDR Assails Any Delayers Of Defense Output

WASHINGTON, Nov. 6.—(AP)—President Roosevelt declared today that the American people had made “an unlimited commitment” that there shall be a free world, and called on all free nations to plan for a sound social and economic world order after the war.

The chief executive also assailed a “misguided” few—both industrialists and leaders of labor—for placing personal advantage above the welfare of the United States and for delaying defense output by using their “economic power” to force acceptance of their demands rather than using established mediation machinery.

For A Free World

Addressing 250 delegates representing 33 nations at the concluding session of the international labor office conference in the east room of the White House, the President said:

“The American people have made an unlimited commitment that there shall be a free world. Against that commitment, no individual or group shall prevail.”

Declaring that labor under the Nazi system had become the “slave of the military state,” and that Berlin today was the “principal slave market of the world,” Mr. Roosevelt added:

“The American worker has no illusions about the fate that awaits him and his free labor organizations if Hitler should win. He knows that his own liberty and the very safety of the people of the United States cannot be assured in a world which is three-fourths slave and one-fourth free. He knows that we must furnish arms to Britain, Russia to do it now—today.”

The President said the place of the whole western hemisphere in a German scheme for world domination had been marked on the Nazi timetable, and the choice America had to make was between realism “in terms of three shifts a day” to produce necessary defense materials and the attitude of the “blind and the deluded” who think that business can be done with Hitler and that American armament output is satisfactory.

Sees Victory Over Hitler

The President stressed the need he saw not only for victory over Hitler but for planning for a better world, after the war. He quoted from the Atlantic charter formulated by himself and Prime Minister Churchill of Britain to impress his listeners both before him and those over the world receiving the speech by radio that “there must be a more abundant life for the masses of the people of all countries,” including “improved labor standards, economic advancement and social security.”

“There must be no place in the

Add Members To The C. of C.

Three new members have been added to the Sedalia Chamber of Commerce within the past few days, the membership committee reported at a meeting in the C. of C. offices at 2:30 o'clock yesterday afternoon. This brings the number of new members added since the first of October to 21.

The three new active members in the progressive organization that has had a great part in bringing a new factory to Sedalia, are Stanley D. Breitweiser, representative of the Continental Oil company; Edgar Arnold and Miss Catherine Garman.

Members who have joined the C. of C. since the first of last month, include:

Williams Cafe, James McKinney, The Shoe Mart, Les Bennington, Gersters Barber Shop, Quality Oil Company, A. B. Burk and E. M. Reynolds of the Bothwell Barber Shop, Rev. Richard A. Park, St. Francis Hotel.

W. A. Deven of Hudson Oil Company, George E. Chamberlain of Milton Oil Company, H. E. Fisher of Standard Service Station, Jansen Laboratory, Howerton Service Station of Standard Oil Company, P. Cecil Owen of Continental Oil Company, Crawford Oil Company, Duff Motor Company, Western Auto Association.

Doubt United States Change Of Policy Now

Japanese Envoys Formula Has Not Been Revealed

By Lloyd Lehrbas

WASHINGTON, Nov. 6.—(AP)—Saburo Kurosu, the special Japanese envoy en route here on a Pacific clipper, was reported today to be bearing an imperially approved formula for a peaceful settlement of Japanese-American problems.

Kurosu's dispatch case, diplomatic circles here said, also may enclose a personal message from Premier General Hideaki Tojo to President Roosevelt presenting the Japanese government's view of the tense far-Eastern situation and proposals designed to assure what Japan considers an amicable solution.

A personal message from former Premier Prince Fumimaro Konoye to the president last August opened the way for “exploratory talks” on the problems — talks which still continue intermittently between Secretary Hull and Admiral Kichisaburo Nomura, the Japanese ambassador.

No Insight Given

Secretary Hull and other state department officials profess, however, to have no authoritative information of Kurosu's mission, or what proposals he may be bringing from the Japanese government.

Official reaction was summed up: Wait and see.

Since the entire field of Japanese-American relations has been explored in nearly a hundred discussions, here and in Tokyo, there was little optimism in diplomatic quarters that Kurosu's mission would break the deadlock resulting from sharply divergent policies.

Boys And Girls To Aid Roll Call

Boys and girls in the schools of Pettis county have an opportunity to take part in the national defense program by enrolling in the American Junior Red Cross. A. H. Wilks, chairman of the Red Cross chapter roll call, declared today.

Mr. Wilks said the Junior Red Cross as the junior division of membership is one of the many activities maintained by the American Red Cross membership contributions received during the annual roll call. This year the roll call in this community will be conducted from November 11 to 30, he said. The campaign for enrollment of junior members will be held at the same time in every school in the area, he pointed out.

“Through their own organization, 9,750,000 Junior Red Cross members in the nation are taking a united stand for national preparedness behind their country's quasi-official agency, the American Red Cross,” he said. “They are partners in the work of their government and of the adult Red Cross organization.”

Urging all schools in the city to cooperate in the forthcoming enrollment drive, Mr. Wilks said that “this nationwide movement gives the youth of our country an organization of their own in which they may fulfill social responsibilities and develop a regard for their fellows' welfare.”

The current national program of the organization he said is based on the theme: “Citizenship Training for Internal Defense.” He added that prominent educators have acclaimed the Junior Red Cross as a “workshop of citizenship in a democracy at peace or at war.”

F. Chadwick Held For Theft Of Groceries

Some Of Loot Is Found Stored In Shed Early Today

Thirteen is unlucky for grocery store thieves in Sedalia, at least it was for two Sedalia ex-convicts who were caught after robbing many Sedalia stores and Markets. The latest to fall into the clutches of the local police was Frank Chadwick, who robbed his thirteenth store, that of the Sullivan Grocery, Sixteenth street and Brown avenue, the morning of November 4.

Chadwick, who stays with his sister, Mrs. Claude Craig, 1122 East Fifteenth street, was arrested at that address when police went to the place at 3:30 o'clock this morning to conduct a search. Chadwick raised a window in the house as police knocked on the front door and started to slip out of the house only to run into Officer Elmer Bratton.

The police had received a “tip” after the description of the man was made known and the early hour was decided upon by Night Chief of Police Anson Fennell for the raid. Officers J. H. Brooks, William Coughlin, Harry Scott, John J. O'Brien and Bratton went to the residence.

Groceries In A Shed

In a shed at the rear of the place was found several dollars worth of groceries, and two jars of money which contained \$13.22 and another filled with pennies totalling \$10.27. The list of groceries included sugar, beans, coffee in cans and sacks, lard, sides of bacon, beans, sardines, jellies and jams, canned milk, chewing tobacco. Many other small items were among the listings.

The police also found tools which Chadwick used in breaking into the various stores, and an old model pistol.

Chadwick was released from the Missouri penitentiary last May and started on his crime of grocery store robbing on July 3, and

(Please turn to Page 2, Col. 5)

Election Held By Kiwanians

Officers and directors of the Sedalia Kiwanis club for 1942 were elected by the club at its noon meeting in Bothwell hotel today as follows:

President, George H. Scruton; vice-president, Rev. H. U. Campbell; treasurer, W. R. Courtney; Directors—Paul Hedderich, W. F. Keyser, William Schien, Phil McK Laughlin, Ben Robinson, Howard Roberts and George Dugan.

Program Chairman T. H. Yount introduced Special Agent R. L. Murphy, of the Kansas City office of the Federal Bureau of Investigation, who gave an interesting and informative talk on the activities of the bureau including: finger printing, plant surveys, espionage, kidnapping, sabotage, etc. He asked cooperation of the public in revealing to the bureau information concerning suspected foreign agents, but to avoid going on a witch hunt.

A. H. Wilks, general chairman of the Red Cross roll call, gave a talk on the preparations and programs planned during the period of the membership enrollment.

Guy Callender extended an invitation to club members to attend and Mr. Wilks to speak on the Red Cross at the Tuesday noon Booster meeting at the Missouri Pacific shops.

Elmer Sterling was introduced as a new member of the club.

Guest of Rev. Campbell was the Rev. H. M. Janssen, pastor of the Broadway Presbyterian church.

Siberia Looked To As Promised Land By Japan

Special News Service of The Democrat

(This daily feature, conducted by DeWitt MacKenzie, is written today by Fred Vanderschmidt.)

Saburo Kurosu, his American-born wife and their son got out a deck of cards last night before the Japanese envoy left on his flying trip to the United States and the dispatches from Tokyo say, played feverishly to try to foretell the fate of his mission, which the Japanese call a last endeavor to make peace in the Pacific.

Kurosu must have turned up a very hot card. About the time he was dealing them out, a Japanese steamer blew up and was sunk and the Japanese authorities were quick to describe it to a Russian mine.

Perhaps this was an omen of the Kurosu mission, which was announced in Japan along with publication of truculent outlines of conditions for Japanese pacification, in which the United States again was called upon to give Japan the green light from the

Robbery Number Thirteen — Caught!

Frank Chadwick, an ex-convict, sits beside his grocery store loot. In the picture is only part of the goods he obtained from thirteen grocery stores he has entered in Sedalia since July 3, this year. In the basket on top of five sugar sacks are several slabs of bacon and in the two jars at his feet is money taken from the stores totalling nearly \$25. Chadwick was released from the Missouri penitentiary last May and started on the grocery store crusade in July.

Lips Opened by Threat Of Jail

Court Orders C. H. Gray To Answer Queries Of Jury

JEFFERSON CITY, Nov. 6.—(AP)—Charles H. Gray, president of a firemen's organization, continued today to ignore questions of Cole county's legislature-probing grand jury unless forced to answer by Circuit Judge Sam C. Blair.

Gray, thrice ordered to talk or face a contempt threat yesterday, spurned the first 15 questions put to him at today's session.

Circuit Judge Sam C. Blair directed him to answer all but one which concerned a conversation between Gray and John A. Bourg, St. Louis firemen's union official who was forced to produce union records last week under a similar contempt threat.

Gray was being examined in the jury's efforts to trace a \$5,800 “legislative expense fund” reportedly made up by firemen's organizations while a pension bill was pending in the legislature. The witness' silence first brought him into court late yesterday after a day-long session with the grand jury.

Aubrey Hamilton, Gray's attorney, argued futilely that a grand jury witness could not be forced to answer any question the witness believed might incriminate him.

W. L. Vandeventer, special representative of Gov. Forrest C. Donnell in the shakedown and bribery investigation, quickly countered with:

“The witness who says he won't answer grand jury questions is either a criminal or a liar. The courts should take the welfare of the public into consideration in these things.”

Silent On One Query

Judge Blair permitted Gray to remain silent on only one question: What became of \$3,500 Local 73 of the Association contributed to the Association?

“I can readily see how his answer to that question might incriminate him,” Judge Blair observed. “The witness says if he answers it will incriminate him, and certainly it could.”

On all others Judge Blair ruled Gray must answer. The questions concerned financial transactions of the Firefighters' Association while the pension bill was pending. The bill was defeated in the house.

“Where the rights of the public and the individual are involved, both must be considered,” Judge Blair said. “I'm not arguing you can strike down constitutional safeguards just so the jury can proceed. I'm saying you can't read one constitutional provision without reading the others.”

Two weeks ago, John A. Bourg of St. Louis, secretary-treasurer of the Firefighters Association, was forced to deliver the organization's records to the grand jury when Judge Blair overruled his plea that they might tend to incriminate him. Bourg also was threatened with a contempt citation if he did not produce the records.

No Confirmation If Duce Wounded

The Associated Press has found no confirmation of a rumor that Premier Mussolini has been slightly wounded in an assassination attempt in which two pistol shots were fired.

In Rome the rumor was authoritatively denied and called “an invention.” It was stated in Rome that a similar report was denied two days ago and that since then the premier has received several persons at his office.

The rumor was published in London by Exchange Telegraph, which quoted the Moscow radio as its source.

Litvinoff Be Soviet Envoy

Soon Come To U. S. As Ambassador For The Russians

KUIBYSHEV, Russia, Nov. 6.—(AP)—The Soviet government announced today the appointment of Maxim Litvinoff to be ambassador to the United States.

The announcement said that the Washington government had given its agreement to the selection of Litvinoff.

WASHINGTON, Nov. 6.—(AP)—Maxim M. Litvinoff, an old-time advocate of Soviet collaboration with the western democracies, will become Russian ambassador to the United States at an early date.

Authoritative sources said today that Litvinoff, former peoples' commissar for foreign affairs, had been chosen to succeed Constantine Oumansky, who is now in Russia.

Litvinoff, when foreign minister, personally negotiated with President Roosevelt at Washington United States recognition of Russia in 1933, after a lapse in diplomatic relations of 16 years. Since 1939, however, he has been in the background of Soviet politics due to his opposition to collaboration with Germany.

Besides Oumansky there has been only one other Soviet ambassador to Washington, Alexander A. Troyanovsky, who took over the post immediately upon recognition eight years ago.

During his term of office as foreign affairs commissar, Litvinoff was the outstanding exponent of Soviet collaboration with the western democracies. It was his voice that was most often heard in Geneva, during sessions of the league of nations, urging united action against aggressors and proclaiming the “indivisibility of peace.”

Denounced Aggression

Collective security was his crusade and he seldom missed an opportunity to denounce what he termed the apathy of the other great powers toward Japanese aggression in the Far East, Mussolini's aggression in East Africa and the aggressive policy of Hitler in Germany.

One of Litvinoff's last formal condemnations of the aggressor was contained in the Soviet note of protest against Germany's seizure of Czechoslovakia in March, 1939, which he declared is “a fresh blow to the security of peoples.”

A few weeks later, on May 3, 1939, Litvinoff suddenly was removed from office. Stalin volunteered no explanation for this move, and even the date of Litvinoff himself was shrouded in secrecy for some time; after which it appeared that he had been merely shelved but not definitely liquidated.

Experienced observers of Soviet affairs suspected at once that Litvinoff's removal was a preliminary step toward rapprochement between Stalin and Hitler—an interpretation ridiculed in some quarters outside of Russia but later substantiated when, in August of the same year, the Russo-German non-aggression pact was signed and Stalin a few weeks later participated with Hitler in the dismemberment of Poland.

Litvinoff's return to the spotlight as ambassador to the United States would indicate, in the light of his previous removal to make room for the Hitler-Stalin rapprochement, the great importance which Stalin now attaches to close collaboration with the United States.

Draftees In Missouri

JEFFERSON CITY, Nov. 6.—(AP)—State draft headquarters issued a call for 1,259 Missouri draftees today to be inducted into the army during December.

The rookies will be mustered in at Jefferson Barracks and at Ft. Leavenworth, Kas., between December 1 and December 5.

Stalin Asserts War Waged Is For Liberation

Handicapped By The Lack Of A Second Front

LONDON, Nov. 6.—(AP)—Russia is fighting alone a war of liberation against Germany and her allies and is handicapped by the lack of a second front in Europe, Premier Joseph Stalin declared today in an address broadcast over the Moscow radio.

Despite this factor, he said, German losses since the invasion of Russia began on June 22 have reached 4,500,000 men, dead, and wounded or taken prisoners.

Stalin, speaking on the eve of the 24th anniversary of the Bolshevik revolution, declared the French government had sold out to Adolf Hitler for fear of a revolution.

He said Red army morale was infinitely higher than that of the German army.

The German army has been forced to construct new bases on unfriendly territory, whereas “our army is fighting on its own territory,” the Russian premier asserted, “with our people exerting every effort to keep it supplied.”

Contents “Blitz” Failed

“It is unnecessary to add that the blitzkrieg has failed.

“One of the chief factors the Red Army at the present moment is the lack of a second front in Europe.”

Stalin continued, “Feeling assured that they would not be attacked on the western front, the Germans are throwing in the bulk of their forces in the east.

“Our country is carrying on a war of liberation alone against the Germans, Hungarians and Italians.”

He declared that “another reason for the temporary Red army setbacks is the shortage of tanks.

“It cannot be said that our tank industry is not working well; it is working very well for its size, but the Germans can throw in more tanks, as they have not only their own factories but also the factories of Czechoslovakia, and France and the countries of Europe which they occupy.

“Our aviation is superior in quality; our pilots have proved themselves. We have fewer planes, but the quality of our tanks and planes is superior.”

He called Hitlerism “the replica of reactionary regimes which have existed throughout centuries.

“It is a party of robbery, reaction and obstructionism.

“Hitler's instructions to his people are: If we can only achieve our aims by killing and plunder—

Nazis Driven Back Leaving A Corpse Littered Zone

Captured By Nazis

Cris W. Fessler of Los Altos, Cal., a member of the American Eagle Squadron reported shot down several days ago in a low flying attack on German supply trains, is reported in a Berlin news release to have been captured when his plane crashed and is now being held by the Nazis as a prisoner of war.

Fatal Blast At Chemical Plant On An Island

Death Toll May Be Near Score At Charleston, W. Va.

SOUTH CHARLESTON, W. Va., Nov. 6.—(AP)—Fire Chief James Barrett of South Charleston declared today that none of the men in a three-story gas distillation plant at the Carbide and Carbon Chemicals corporation could have survived a blast which was followed by a stubborn fire. Barrett said he did not know the number of men working there but unofficial estimates placed the figure at 18.

Two bodies were recovered and four badly injured men were taken to hospitals.

Neither of the bodies was identified immediately. Only a portion of one was taken to a South Charleston funeral home.

Barrett said the injured men were outside the building.

Confined To One Unit

The explosion and fire on Blaine island, in the middle of the Kanawha river and a little over a mile from the business section of West Virginia's capitol, Charleston, apparently was confined to the single unit.

The gas distillation unit was located between two other, larger buildings, helping to confine the effects of the explosion and fire.

Officials of the Carbide and Carbon Chemicals corporation, whose plant is one of the largest in the multi-million dollar Kanawha valley chemical industry, could not be reached for an estimate.

Women Workers Of Red Cross To Meet

All women workers in the Red Cross roll call, which begins next week, will assemble in the assembly room of the court house, at 10 o'clock Friday morning, to receive instructions and material, in preparation for their solicitation.

Mrs. Willard Dean is director of the women's division in the roll call. She states that the women have responded very nicely to the appeal to aid in this worthwhile work, that they are enthusiastic, and feel sure the response from the people will be most generous.

Some On Reuben James Replaced

WASHINGTON, Nov. 6.—(AP)—The Navy Department announced today that seven men originally reported on the torpedoed destroyer Reuben James had been transferred to other stations and had been replaced on the ship by seven other enlisted men.

The navy said Lewis Aubrey Turner, signal man, third class, Atkins, Ark., was one of the replacements.

Bothwell Hospital Notes

Mr. and Mrs. Conway Scott, route 6, are parents of a son, born at the Bothwell hospital this morning.

Mr. and Mrs. D. E. Cline, of Kansas City, are parents of a daughter, born Wednesday afternoon at the Bothwell hospital.

John Zahring, 1606 South Stewart avenue, was admitted for medical treatment.

17 Americans Listed As Late War Casualties

Ship Taking Them To England Is Believed Sunk

WASHINGTON, Nov. 6.—(P) Seventeen American civilians from all sections of the country along with two Canadians, were listed last night as the latest casualties in the war on the wave of the Atlantic.

The men had enlisted in the British civilian technical corps for various kinds of non-combatant service in England. The ship taking them to the other side "is presumed to have been sunk," the British announced here. "And there is no knowledge yet of any survivors."

Then, as the navy department did in disclosing the loss of 11 men aboard the torpedoed destroyer Kearny and 97 from the sunken destroyer Reuben James the British added that "telegrams have been sent to the next of kin."

The announcement, issued by the British press service on behalf of the Royal Air Force delegation in Washington, did not identify the ship or the port from which she sailed or give any further details.

The missing civilians were presumably skilled radio and automobile mechanics, electrical wiremen, instrument repairers, metal workers and other members of technical trades whom the British have been recruiting in this country. They came from New York and California and many states in between.

The civilian technical corps has been seeking several thousand men between the ages of 18 and 50 for employment in England, principally in repairing vital equipment used by the British armed forces.

Granted Deferment

The federal-state employment offices have been assisting in the recruiting and draft boards have been authorized to grant deferment to men of draft age who volunteer for the

The British government undertakes to provide transportation and to furnish board, lodging, uniforms and medical care. Salaries

Federal officials generally have discouraged American technicians

to join the British corps on the theory not only that they will assist in the British war effort but also that they would obtain valuable training which would be of service in the United States in the event of hostilities.

The text of the British announcement on the casualties was as follows:

The British press service has been requested by the RAF delegation in Washington to announce the following members of the civil-ian population:

...an technical corps are missing from a ship in which they were making passage to the United Kingdom. The ship is presumed to have been sunk but the date is uncertain and there is no knowledge yet of any survivors. Tele-

Society and Clubs

Miss Helen Sullivan, who will be married on November 22, was complimented at a card party and kitchen shower Wednesday night, by Mrs. J. C. Connor, Miss Mayme Shipley and Miss Christine Jones, at the Connor home.

After the bride had been presented with her gifts, numerous and useful articles for use in a kitchen, guests were seated at table for bridge. Miss Mara Virginia Brown received an award for high score and Miss Mildred Sutherland for low.

Invited guests were: Mrs. Harold Meeder, Mrs. Al Miles, Miss Mara Virginia Brown, Miss Mildred Sutherland, Miss Mary Ross Hoffman, Miss Sadie Foster, Miss Gertrude Zing, Miss Dorothy Hect, Mrs. Ernest Baker, Mrs. Harry Small, Mrs. Robert Salmons, Mrs. Maurice Griffin, Mrs. Robert Brown, Mrs. Wilbur Glaze, Miss Geraldine Teufel, Mrs. Leo Coxon, Miss Lillian Hurley, Mrs. Fred Hildebrandt, Misses Catherine, Helen, Dorothy and

Bride

Mrs. Lee Templeton, of Kansas City, who before her marriage Sunday, October 26, was Miss Mabel Wadleigh, daughter of Mr. and Mrs. L. H. Wadleigh of Green Ridge.

Genevieve Sullivan and Mrs. John L. Sullivan.

Mrs. George R. Wilkerson and daughter, Miss Virginia, were hostesses at a tea, at their country home, from 3 to 5 o'clock Wednesday afternoon, honoring Miss Dora De Muth Bouldin, whose marriage to the Rev. Thomas Hudnall Harvey, Jr., will take place November 25.

The color scheme of yellow was carried out, and throughout the home were many bouquets of yellow flowers, chrysanthemums and roses predominating.

Assisting in the dining room were Miss Laura Johns, Miss Carolyn Courtney, Mrs. W. F. Keyser, Mrs. L. P. Andrews, Jr., Mrs. John E. Lamy, Mrs. James Simpson and Mrs. Cline Cain.

Miss Donly White, whose engagement to Darrell Dehn, of Clinton, has been announced, was honoree at a bridge party and kitchen shower, given by Miss Betty Ann Neville and Miss Maxine Mertel, at Hotel Bothwell Wednesday night.

Miss White received many attractive and useful gifts.

In the bridge game, Mrs. Don

Kingsolver received the trophy for high score, Miss Anna Lee Siegle, for low, and the award in rummy went to Miss Bonita Greer.

Attending were: Mrs. Thomas Cooper, Miss Catherine Orr, Miss Marian Dehn, Clinton, Mrs. Beulah Sperber, Miss Dixie Van Doran, Mrs. J. C. Raker, Mrs. James Dickman, Mrs. Richard Hall, Miss Ruby Joyce, Miss Virginia Dick, Miss Greer, Miss Siegle, the guest of honor and the hostesses.

Mrs. John M. Rodeman was hostess at a card party and personal shower, given at her home Wednesday night, honoring Miss Vivian Valkenburg, who will marry this month.

As the bridegroom-to-be, Le Due Cessna, of Long Beach, Calif., is interested in airplane manufacturing, the hostess had arranged a miniature airplane as part of her decorations. In it were notes, which when taken out by Miss Valkenburg, told where she might find gifts.

Guests played bridge and rummy, awards in the bridge game going to Miss Jane Laupheimer, first; Miss Catherine English, second; and Mrs. Frank Faxon, low. In the rummy game Mrs. James English won first, Mrs. Harold Hill, second and Mrs. Katherine Lyles, consolation.

Mrs. Rodeman's guests were: Miss Valkenburg and her mother, Mrs. Bert Valkenburg, Mrs. Katherine Lyles, Mrs. Lester Estes, Miss Catherine English, Mrs. James English, Mrs. Frank Faxon, Miss Jane Laupheimer, Miss Maxine Pettyjohn, Mrs. Eugene Dreckman, St. Joseph, Mrs. N. T. Dunlap, Mrs. H. R. Ehrler, Miss Marjorie Brown, Mrs. Rene Crippen, Mrs. Austin Hurley, Miss Mildred Coffman, Miss Helen Rose Shaffer.

Mr. and Mrs. J. W. Frazier, Charleston, Ill., Mrs. Millard O. Rose, Memphis, Tenn., and Mrs. T. Fletcher Strain, Louisville, Ky., are here for a visit with their mother, Mrs. Virginia Dameron, 408 East Fourth street. Today is Mrs. Dameron's birthday anniversary.

Miss Emojean Moore, daughter of Mr. and Mrs. Albert Moore, of Houstonia and Guy H. Messer, son of Mr. and Mrs. Guy Messer, Sr., also of Houstonia, were married at 2 o'clock Wednesday afternoon by Rev. Earl Basil Brown, at his home.

Witnessing the ceremony were Mr. and Mrs. Walter Pummill, of Houstonia.

The bride was born and reared in Houstonia, where she attended grade and high school, being a junior this year. Mr. Messer is a

graduate of the Houstonia high school of the class of 1939 and is a carpenter.

They will live in Houstonia.

Mr. and Mrs. L. H. Kueck, of 7447 Cromwell Drive, St. Louis, former Sedalians, celebrated their twenty-fifth wedding anniversary, which was October 28, by entertaining a number of relatives and friends, at their home Saturday night, November 1.

Among the guests were Mrs. Kueck's mother, Mrs. Joseph Saner, of 413 East Seventh street, this city and Mr. Kueck's mother, Mrs. H. H. Kueck, of Pine Bluff, Ark.

The couple, Mrs. Kueck formerly Miss Nellie Saner, were married in Sedalia. At that time Mr. Kueck was with the Missouri Pacific, in the offices of the shops. He is still with the company, now holding a responsible position as a mechanical engineer, in the St. Louis offices.

Mrs. Maude Barnett of Webster Groves, daughter of Mrs. Emma Carpenter and the late Will D. Carpenter, of Knob Noster, and Mr. Cliff Schulze, of Webster Groves, were married Sunday, November 2, in St. Louis.

Mrs. Barnett is a sister-in-law of Lawrence Barnett of Sedalia.

The Stephens college club will meet for a 1:30 o'clock dessert luncheon Saturday afternoon at the home of Mrs. Oscar DeWolf, 909 West Fifth street. Mrs. A. R. Beach will be the assistant hostess.

Church Events

The Merripathy Class of the Fifth Street Methodist church held its regular monthly meeting on Tuesday evening at the home of Mrs. A. F. Chambers with Mrs. Lillie Corbett and Mrs. C. W. Hurt as hostesses. Plans were made for the annual bazaar and Christmas party. At a late hour delicious refreshments were served the members and their guests.

Juniors Selling Tickets For Movie

The junior class of Smith-Cotton high school is selling tickets to the musical comedy, "The Chocolate Soldier," which will be shown at the Fox theatre November 11, 12 and 13. The picture stars Nelson Eddy and Rise Stevens. The co-feature attraction is "The All-American Co-ed."

The money realized from the sale of tickets will be used to finance class activities of the year.

New under-arm Cream Deodorant safely Stops Perspiration

1. Does not rot dresses or men's shirts. Does not irritate skin.

This KING of All Cough Mixtures

Acts Like A Flash

The King of all cough medicines—Buckley's CANADIOL Mixture—has been used for years in over 70% of Canada's homes. Fast working, triple acting Buckley's Mixture quickly loosens and raises phlegm lodged in the tubes—clears air passages—soothes rasped raw tissues, one or two sips and worst coughing spasms cease. You get results fast. You feel the effects of Buckley's instantly.

Compounded from rare Canadian Pine Balsam and other soothing healing ingredients Buckley's CANADIOL Mixture is different from anything you ever tried. Do get a bottle of this great Canadian cough medicine today at Star, McFarland-Robinson or any good drug store on our standing guarantee of satisfaction or money back—Adv.

2 DAY SHOWING OF ALEX F. KESSLER FURS FRIDAY—SATURDAY

November 7th and 8th

This exclusive line of furs created for us by the Alex F. Kessler Fur Company of Saint Louis meets all specifications. The tradition of quality behind the Kessler label is your assurance of superior craftsmanship and fashion you can trust because it sets, instead of follows, the pace.

JUST A FEW OF THE VALUES HERE

Sealine	\$ 69 to \$149
Black Caracul	\$149 to \$395
Skunk	\$149 to \$295
Blended Muskrat	\$149 to \$245
Sheared Beaver	\$295 to \$495
Jap Mink	\$395 to \$595

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with a burning and burning sometimes shows there's something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Successful Men Know the Value of a Good Appearance

In these trying times before the huge tax loads hits everyone a man who has heavy burdens to carry has to have more pep and endurance.

Forging ahead with "chin up" a good looking suit of clothes gives him more spring to his walk and a better fighting aspect to life. Glasgow suits look better, wear better, fit better and better all around.

NOW TASTE THE

"bonus year" TEN HIGH!

Grand news, TEN HIGH fans!

We've "plussed" your favorite whiskey. We've added an extra birthday to it. We've given it a rich bonus of extra flavor, extra mellowness.

Now it's here! The "bonus year" TEN HIGH—a whiskey so "super" in every way that you'll doubt your palate the first time you taste it! Yes, now more than ever, you'll find "double your enjoyment" in the whiskey with "no rough edges."

... this whiskey is 4 years old

• The Washington Merry-go-Round

• by Drew Pearson and Robert S. Allen

WASHINGTON.—U. S. diplomats are not shouting it from the housetops, but there have been two important occasions when the British put a very restraining hand on American foreign policy and checked major moves in the South Atlantic and the Pacific.

One move was last May when it became conclusively apparent that the Vichy government was the tool of Hitler and when many U. S. strategists favored the taking of Martinique and the Azores, and perhaps even a landing force at Dakar in French West Africa.

But the Churchill government protested that this would take U. S. ships away from transporting supplies to the Battle of Britain; would focus American attention upon another part of the world. So Roosevelt kept out of the South Atlantic.

The second move was about two weeks ago when Mr. Churchill telephoned the President to advise against any showdown with the Japanese in the Pacific. His advice came shortly after the new pro-Nazi cabinet took office in Tokyo. Churchill urged that the battle in Europe was the main show and the United States should not get absorbed with side-shows.

Regarding this Churchill advice, there continues to be a wide rift inside the Roosevelt administration. And incidentally, there is not complete unity on this point inside the British government. Australian sentiment leans toward a cleaning up of the Pacific situation, after which all parts of the British Empire, plus perhaps the United States, could concentrate on Europe.

Rift in Roosevelt Administration

Inside the Roosevelt administration, the men who urge a go-slow policy toward Japan are Admiral Stark, chief of naval operations, and the state department. On the other side are many of the other admirals, including Admiral Ernest King, commander of the Atlantic fleet, who says he can get along in the Atlantic merely with his present consignment of destroyers and light cruisers, which are all that are needed for convoying.

The first big point of the "strong policy" admirals is that every day of delay weakens the Russians and the Russians are the big potential allies of the United States against Japan. With Russian bombing planes operating from Vladivostok against the paper and bamboo houses of Tokyo and Yokohama, the Japanese would be up against it.

The second big point urged by these admirals is one which not many people realize: When the United States went into the last war, Japan was on our side. There was no need to worry about the Pacific. But this time, the minute the U. S. A. becomes embroiled in Europe, it has to guard its back door against a traditional and very potent rival.

Therefore, argues the Pacific school within the Navy, let's face our enemies one by one rather than have two jumping on us later and from opposite directions.

There is nothing the Navy dreads more than the idea of attack in two oceans at once—attacks aimed at Alaska on one side and Brazil on the other. That is why some of the admirals so resent the phone calls from Winston Churchill.

U. S. Destroyers

The submarine situation which forced the Reuben James and now threatens all U. S. destroyers in the North Atlantic, is far different from that of the last war.

Today, German submarines operate in gangs or wolfpacks of three to five, lurking in the path of a convoy, and without putting their periscopes out of the water. They do not even run their engines. Thus the approaching destroyer cannot pick up the subs with its sound detector, but the subs, on the other hand, can hear the engines of the approaching convoy.

Then when the convoy is within range, the subs release their torpedoes, sometimes blind. In other words, they do not lift their periscopes but frequently fire merely in the direction of the approaching engines. Because convoys travel so close together these days, hits are almost certain.

Submarines fire blind chiefly in the daylight. At night, on the other hand, when the submarine cannot be seen, it comes to the surface. This is one reason for the increased num-

ber of merchant vessel casualties since September, for as the nights became longer, U-boats have longer hours to operate on the surface.

Winter weather also has made the U-boats more difficult targets from the air. All summer, the British and American air fleets patrolled the North Atlantic. In calm weather the planes could easily spot submarines well below the surface. But with rough, choppy weather, aircraft have a hard time seeing very far under water. In addition to rough weather, there is the problem of fog.

Merry-Go-Round

President Roosevelt is being bombarded with urgent requests from midwestern Democratic leaders urging him to visit that section and make several speeches. He has not been in the area for more than a year and then didn't go farther than Cleveland. The politicians want him to make a trip with major stops at Detroit, Chicago and Indianapolis. . . . James Rowe, smart young White House secretary handling patronage matters, is leaving to take a new job as assistant attorney general. Rowe's White House duties will be taken over by veteran secretary Marvin McIntyre, who used to have charge of the President's callers. . . . Administrationists preparing speeches on foreign affairs are priming themselves by reading "Is Tomorrow Hitler's," brilliant new book published by H. R. Knickerbocker, Pulitzer prize-winning foreign correspondent.

Mail Bag

Correction: Through a typographical error, the October 25 Merry-Go-Round regarding the contract between the Aluminum Corporation and Federal Loan Administrator Jesse Jones stated that the government's profits were only 15 per cent. The column should have stated that Alcoa's profit was only 15 per cent. Our apologies to Jesse on this point. . . . H. M. Martins, Ferry, Ohio—The destroyer Kearny was torpedoed between Iceland and England. The destroyer Reuben James was sunk between the U. S. A. and Iceland. Both were escorting merchant ships. . . . R. R. W., Chicago—With the exception of New England, the most easterly newspaper in the United States is the Ocracoke Island Beacon, thirty miles off the North Carolina coast in the Cape Hatteras region. The island was once the home of famous editor-ambassador and naval secretary, Joseph Daniels.

Montana: On August 3, we printed a story that former Governor John Erickson was let out from a job with the Montana Liquor Board several days after he presided at a meeting addressed by Senator Claude Pepper. The Board is controlled by Governor Sam Ford, an old friend of Senator Burt Wheeler. We are in receipt of a letter from Wheeler vigorously denying that he had anything to do with the Erickson matter, and another letter from a member of the Board asserting that Erickson was not dismissed but that the term for which he was employed expired. . . . F. M. G., Orlando, Fla.—Representative Lex Green was not instrumental in securing the establishment of Camp Blanding in Florida. Army chiefs alone decided that. . . . W. H., Boise, Idaho—Senator John Thomas is not as vocal in his isolationism as his colleague, D. Worth Clark, but has voted against the President's foreign policy just as consistently.

(Copyright, 1941, by United Features Syndicate, Inc.)

• So They Say

Mr. Willkie ought to join the British and become a member of the House of Lords.—William P. Lambertson, Republican representative from Kansas.

Fair-minded consumers will admit that farm product prices have been bargain prices during most of the last 20 years.—Secretary of Agriculture Claude A. Wickard.

A declaration of war would restore our self-respect and be true to our American traditions.—Dr. William J. Schieffelin, chairman, League for a Declared War.

At their best, nurses represent women at their best.—Alta E. Dines, chairman, National Committee of Red Cross Nursing Service.

I shall now go back to work and finish my novel.—Sinclair Lewis, as Broadway play he financed closed after one night.

We shall not come to financial disaster by maintaining an adequate amount of public work as long as it is needed.—Owen D. Young, chairman, American Youth Commission.

Women in the United States are as attractive as Hawaiian girls, grass skirts, leis and all.—Sueyoshi Iwamoto, Hawaiian art student in Pittsburgh.

• Looking Backward

• forty years ago . . .

Supt. G. V. Buchanan, of the public schools of Sedalia, has been informed that the department of pedagogy of the Chicago university is using the Sedalia school courses in their teachers' classes as an example of some of the best courses in the United States.

Beginning Sunday there will be a change effective in the time of running cars on the electric railway in this city. The Forest Park car will leave Ohio and Main streets on the hour instead of ten minutes before and there will be only one car on the East Sedalia line, but it will make two round trips each hour. The Third street car will substitute for the Grand avenue line, making round trips each hour.

W. H. Black, president of the Missouri Valley college at Marshall, will deliver a lecture before the teachers' institute next Saturday morning in Sedalia.

Capt. Sam W. James received a telegram from Col. Harry Mitchell, of the Second regiment, N. G. M., saying that he will be here tomorrow night to inspect company D. The inspection will take place at the armory at Liberty park.

'My Say'

This space in The Democrat will be devoted at regular intervals to public opinion of current problems as expressed by readers. Any worthwhile, pertinent subject may be chosen for contributions. Correspondence must be addressed to: Democrat Public Column, The Sedalia Democrat, Sedalia. Names or initials of writers will be used unless a desire to remain anonymous is expressed, although all written communications must be signed.

Sirs:
I'm a Pettis county hunter. Have been for years. But I've never seen a good, condensed version of safety rules for gun handling while hunting. A couple of years ago a friend of mine accidentally shot himself while hunting, just because he wasn't cautious enough.

Some fellows who are good businessmen, good marksmen, and who are generally considered to have good sense, shouldn't own a gun. Some men who have handled guns for years still don't know the safest methods of using them.

With the opening of the quail season Monday, there will be a lot of hunters on the war path, and some trusting soul is liable to get his pants shot off by a careless hunter who presumed the clothes were a covey. For the good of humanity (and our pants) please print a list of sensible rules to observe while carrying a gun.

A. Hunter.

A. Hunter:

A list of "Ten Commandments" of hunting safety are on the sports page of this issue, and a copy of them should be read frequently by all hunters. To get the most out of sportsmanship hunting, we suggest you join the Pettis County Wildlife Conservation club.

Editor.

Dear Editor:
It seems to me that American newspapers, as a whole,

controversy—that action is the thing; declaration of war.
However, what could be gained by sticking our necks clear out? We knew starting convoys into the north Atlantic and the President's "shoot on sight" order would result in "enemy" retaliation. Yet shipping must get through and the salient fact still stands—we don't have a two-ocean navy and can't go all-out until we do, not without leaving ourselves widely uncovered in vital areas.
And about our rapidly ex-

panding army developed from a comparatively small "standing" force—let them continue standing (and learning) here in their own country, until intelligent military leaders find a place where they can serve effectively in crushing the Hitlerian hordes

so that Democracy, of which the U. S. is the highest exponent, may survive.

The Central Missouri Farmer

Pettis County Delegates For Annual State Farm Bureau Meeting Selected By Board

Will Be Held Next Week In Hannibal; Reports On Local Activities Given

The Pettis county Farm Bureau board of directors made plans at their monthly meeting Saturday to be represented by delegates at the annual meeting of the Missouri Farm Bureau Federation, to be held in Hannibal, on November 10, 11 and 12.

President R. W. Dow, Mrs. George Fichter and Olen Monsees were elected as the delegates, with Milton Mathews, Mrs. J. A. DeJarnette, Mrs. W. P. Tucker and Mrs. Olen Monsees being designated alternates. Dorothy Helen White, winner of the State Farm Bureau 4-H public speaking contest, will make the trip with the delegates.

The date of the annual meeting of the county Farm Bureau was set for Saturday, December 6. The Home and Community committee, of which Mrs. P. S. Read is chairman, was given the responsibility of arrangements. A program committee was appointed to consist of Mrs. Edward Heffernan, R. W. Dow and the county extension agents.

Appoint Budget Committee

In order to facilitate meeting with representatives of the state extension staff to arrange to continue extension work in the county in 1942, it was decided to change the December board meeting to the night of December 2. Thomas J. Raines, J. A. DeJarnette and Mr. and Mrs. Edward Heffernan were appointed as a budget committee to report at that meeting.

Saturday, November 22, was designated as the date for presenting 4-H achievement pins to those 4-H members who completed their year's work.

Reports on the membership drive showed that 234 families were now members of the Pettis County Farm Bureau, with a number of community membership committeemen yet to report.

In addition to reporting extension work for October, County Agent J. U. Morris discussed with the board members the Food for Home and Defense program that is just starting in the county.

Hear Several Reports

The poultry school at Houstonia as well as construction of new poultry houses, remodeling of other houses and construction of straw houses to care for increased laying flocks were mentioned. The registered hog sale, sheep dipping, the plan of the Rotary club to start additional boys in Sow and Litter club 4-H work and soil conservation work were all parts of this report.

Miss Dorothy Bacon, home demonstration agent, spoke of a training meeting for extension club leaders on "Milk and Eggs in the Diet," a sewing machine clinic, the 464 mattresses made in the county, the Home Economics Extension club council planning the 1942 club program and attendance and activities at Farm and Home Week.

The 4-H club report given by Bill Murphy, assistant county agent, revealed that 305 of the 457 boys and girls enrolling for 4-H work in the county had completed their work and submitted records to the county office.

Reorganization of the Sunnyside, Flat Creek, Ringen, Lovelace and Maplewood 4-H clubs, 4-H radio programs, community 4-H achievement days and the trip of official delegates to the American Royal were other parts of this report.

A salary of \$2.28 a day is paid corporals in the British Royal Air Force.

Democrat-Capital Class ads get results, 10 words, 1 week, 80c. Phone 1000.

Home Demonstration Clubs Are Praised By Columnist

An article of special interest to Pettis county farm women is here reprinted from a recent issue of the Washington (D. C.) News, The column "One Woman's Opinion," by Mrs. Walter Ferguson, is syndicated in Scripps-Howard papers throughout the country. The article follows:

"A friendly reader puts me on a spot. She wants me to name the feminine organization, which, in my opinion, is doing the best group job in defense of Democracy. Because the times call for moral courage, I shall do so and duck.

"The Home Demonstration Clubs. As you know, this group is composed wholly of farm women. The average city dweller, housewife or business woman is entirely out of touch with it. I know any number of intelligent club leaders who know nothing whatever about what it has done or what it is doing.

Are Doing Plenty

"Well, take it from me, those women are doing plenty. All their activity is based on common sense, on actual community needs and their aim is the preservation and defense of the American home; therefore as defenders of Democracy I think they are tops.

"They waste no time on abstractions. Theories which absorb so much of our club attention give

way to hard facts and facts with which their membership is familiar.

"In short these women are not busy improving other people, either on the opposite side of the continent or the opposite side of the earth—they are trying to improve themselves. Their meetings are an exchange of practical ideas about practical subjects, subjects which women must master if they expect to function as good citizens—child training, sewing, nutrition, the preparation and preservation of foodstuffs, religious standards in the home, recreation, poverty and crime problems in their neighborhoods.

Children Attend Meetings

"Maybe because most of them do their own cooking, they seldom eat at meetings. Also they take their children with them, which is bound to inspire in the youngsters a desire to imitate their elders—and isn't that the best way of teaching?"

"It seems to me this group of farmers' wives and daughters is working wonders in the interest of the national economy, and because it represents the roots of that economy—the stable, self-respecting, industrious American family—I believe it deserves to be named the most useful and promising of our many feminine organizations."

Delay Husking Until Corn Ears Are Dry

Current Crop Can Be Guarded From Spoilage This Way

The current corn crop can be guarded from spoilage much better in storage if husking is delayed until the ears are well dried, says J. Ross Fleetwood of the University of Missouri College of Agriculture. Otherwise, special storage precautions may be needed to make sure the ears dry as soon as possible after cribbing.

Corn dries and keeps better in a narrow crib well exposed to prevailing winds. Farmers with wide or circular-type cribs, or with cribs built against or near buildings or surrounded by trees should give corn plenty of time to dry before husking.

Under most conditions some loss from spoilage is likely if corn is cribbed when it contains more than 20 per cent moisture in the kernels. Where it is convenient, it is well to have a small sample of corn from the field tested for moisture content at the nearest grain elevator before beginning harvest.

Experiments show that when moisture of corn kernels is 15 per cent moisture in the cob is 10 per cent. But when kernels contain 20 per cent moisture, cobs have nearly twice as much. With such large differences, there is a tendency for equalization so that moisture in the kernels increases and that in the cob decreases. This equalization may run the moisture content of kernels up to 5 or 6 percent and causes serious spoilage unless there is good ventilation through the corn in the crib. To dry a bushel of ear corn from a moisture content of 20 per cent down to 13 per cent more than half a gallon of water must be removed.

With the nation calling for the largest production of foodstuffs in history, the current corn crop is important. Corn plays a major role in producing pork, dairy products, and eggs—the foods most needed in national defense.

Good Ration For Fall Pigs

If fall pigs are on good pasture a good ration consists of corn, a protein mixture of three parts 60 per cent tankage or meat scrap, one part soybean oil meal or linseed oil meal and one part of green alfalfa meal. The pigs should be fed all they will clean up.

If pigs are late, it will pay to replace 15 per cent of the tankage with dried skim milk and 10 per cent fish meal. This should be fed for 30 to 40 days after weaning, then use three parts tankage, one part linseed or soybean oil meal, and one part alfalfa meal with all the corn they will eat.

A water heater is just as essential as the balanced rations because the more water the pigs drink the more feed they can and will eat. Pigs drink frequently if they have access to water that isn't too cold. The closer the water is located to the feed, the better the gains will be.

Honors To Local 4-H Club Members

Will Recognize Pettis Winners On November 22

Pettis County 4-H club members have again received much honor in that five members have been placed in blue ribbon groups in state contests. These members were selected as county champions and submitted to the state office to be considered along with contestants for various counties in the state.

In the leadership contest Dorothy Wadleigh, of the Flat Creek club placed second in the state contest, being surpassed by Margery Habluetzel, a Buchanan county girl.

Helen Bernice Price of the LaMonte Willing Workers, placed second in the Home Grounds beautification contest. She was surpassed by Lila Lee Frazier, a Howard county contestant.

Another Second Winner

Anna Cathrine Romig, of the Dresden community club was second winner to Maxine Hardin of Andrew county. In the Home Economics record contest. There were 24 contestants in this group and six of them were selected as blue ribbon winners.

Dorothy Wadleigh was placed in the blue ribbon group of six selected from 24 contestants in the Clothing Achievement contest. The winner in this contest was Rosalee Fennewald, of Andrain county.

The only boy from the county who recommended in any of the contests was Jack Fowler of the Hughesville community club. He was one of the five blue ribbon winners in the Meat Animal contest. The state winners of that contest was Melvin Thomason of Adair county.

Had Most 'Blues'

No other county in the state had more blue ribbon winners than did Pettis county. Howard county ranked second by having four winners.

Although Pettis county had no state winners in these special contests their contestants ranked high which is an indication of the possibility of state winners for another year.

These members will be recognized on November 22, when the 4-H club awards are presented in the county.

sister-in-law, Mrs. D. H. Elbert and Dr. Elbert.

John Golladay accompanied by Miss Eloise Wiley, both of Jefferson City spent last week-end with his parents, Mr. and Mrs. J. O. Golladay.

Mrs. Julia Pulley who spent the past week in the home of Mr. and Mrs. Charles Leach has returned to her home in Tipton.

Sharp Advances On Egg Market

CHICAGO, Nov. 5.—(P)—Sharp advances in all egg classifications, which sent average prices to the highest level for November since 1929, were recorded in the wholesale market today. Gains ranged from 1/2 to 2 cents a dozen.

Best eggs were up most with extra firsts at 37 1/2 cents a dozen and firsts at 35 cents. Both grades sold about 15 cents a dozen wholesale above the same time last year.

Traders on the Chicago Mercantile Exchange said seasonally declining receipts were a factor in the advance.

Another factor in the upsurge, traders said, was government buying for export and domestic relief purposes.

Summary Of Dairy Feeding And Management Suggestions

The summary of dairy feeding and management suggestions that have been prepared for the Missouri United States Department of Agriculture Defense board by the agricultural extension service, is being distributed to Pettis county and Missouri dairy farmers by the Triple-A committee-men, as they contact farmers in regard to participating in the 1942 farm program.

These suggestions, which were made with the idea of obtaining both the larger production of milk needed for defense and a larger total net profit from each cow for the farmer, are as follows:

Feed all the roughage the cow will clean up. This approximates two to two and one-half pounds of hay daily for each 100 pounds of live weight or one to one and one-half of hay and three pounds of silage daily for each 100 pounds of live weight.

Either For Roughage

More or less silage, hay or other dried roughages may be used as circumstances make desirable by substituting three pounds of silage for one pound of hay, or vice versa. As a matter of fact either silage or hay can make up the sole roughage, although better results may be expected when both are used except when on pasture.

For the most profitable results all grain should be coarsely ground or crushed.

Where no legume hay is available and all the roughage is non-legume, such as corn silage, corn, sorgo or cane stover or fodder, oat hay, timothy, sudan, soybean straw or other non-legume, feed this grain mixture:

Ground corn	400 lbs.
Wheat bran	300 lbs.
Cottonseed meal	300 lbs.
Steamed bone meal	20 lbs.
Salt	15 lbs.

Where any legume, such as alfalfa, soybeans, cowpeas, lespedeza or other clovers makes up a major part or all of the roughage, feed this grain mixture:

Ground corn	600 lbs.
Wheat bran	250 lbs.
Cottonseed meal	150 lbs.
Steamed bone meal	15 lbs.
Salt	15 lbs.

With each ration:

Feed Jersey or Guernsey cows one pound of grain for each three to four pounds of milk produced.

Feed Holsteins, Brown Swiss or Shorthorns one pound of grain for each four to five pounds of milk produced.

In each ration you can:

Substitute for corn, corn and cob meal, barley, hominy feed, pound for pound. Up to 50 per cent of the corn may be replaced by an equal weight of ground wheat or sorghum grains.

Substitute for bran, oats, alfalfa meal, or wheat middlings, pound for pound.

Substitute for cottonseed meal, linseed oil meal, gluten meal, soybean oil meal, crushed soybeans, pound for pound.

Water Requirements

Milk cows require 100 to 300 pounds of water daily. When their consumption of water is lowered, milk production suffers first. In cold weather either heat the water enough to remove the chill or pump just enough to supply the immediate needs of the herd. Don't force the cows to stand exposed to the winter winds while drinking. Build a windbreak.

The amount of milk that a cow will produce during her lactation depends greatly upon her condition at freshening time. A cow should rest from six to eight weeks previous to her calving period. Proper feeding during this dry period is just as important as is proper feeding during the lactation period. She should be provided with good pasture or fed hay and silage at approximately the same rate as to milking cows.

The same grain ration recommended for the milking herd or the dry cow grain mixture suggested in extension circular 405 may be fed in such amounts as

required to get or keep cows in good condition until about one week before calving. The amount of grain fed will vary from two to eight pounds per day depending on the condition of the cow.

About one week before calving one-half or more, of the grain mixture should be replaced with bran. Beginning about the third day following calving the grain ration can be changed back gradually to the regular grain mix. The amount of grain fed may be increased slowly until the cow is on full feed. Avoid heavy feeding during this period.

A suggested dry cow ration is:

Ground corn	800 lbs.
Ground oats	600 lbs.
Wheat bran	400 lbs.
Cottonseed meal	75 lbs.
Soybean meal	75 lbs.
Bone meal	25 lbs.
Salt	25 lbs.

Linseed meal may be substituted for a portion of the cottonseed meal and the soybean meal when available at similar prices.

Short Of Demand

Missouri is 50,000 milk cows short of normal demand.

Milk from one to five more cows in 1942 than you milked in 1940 and 1941. This can be done by

1—Keeping an additional number of heifers to freshen.

2—Do the minimum amount of culling. Milk the old cows a year longer. Buying additional cows will not appreciably increase the United States total milk supply.

Secretary Wickard says: "Of all the farm commodities of which increases are needed, the most urgent need is for more milk. We need to consume more dairy products in this country for improved health and strength and the British will need tremendous quantities of cheese, evaporated milk and dried skim milk. To reach the production goals for 1942 the greatest effort will be required in dairying."

For more information see your county extension agent.

Final Plans Made For Flower Show

Chrysanthemums On Display Saturday At Court House

The final details of the fourth annual chrysanthemum show, which will be held in the assembly room of the court house Saturday have been made by Mrs. W. F. Tucker, chairman of the committee and Miss Dorothy Bacon, home demonstration agent.

This show is not only for Home Economics Extension club women but for all rural women who care to bring either cut chrysanthemums or potted ones. Although the rain has been hard on chrysanthemums, it is expected that a large number of fine specimens will be exhibited.

The exhibits are to be brought in during the forenoon so that the judging may be done during the noon hour. Blue, red and white ribbons will be awarded.

Beginning at 2 o'clock will be a short program of music and speaking.

The public is invited to come and enjoy the occasion.

The classes are:

1—Most artistic arrangement, yellow predominating.

2—Best specimen cut flowers, each variety.

3—Best specimen plant, each variety.

4—Collection of largest variety, number specified on entry.

5—Most artistic dining table arrangement.

6—Most artistic living room table arrangement.

7—Basket arranged for affect.

The entries will be taken during the forenoon by Mrs. Paul Lewis and Mrs. Frank Barrick, president and secretary of the Home Economics club council.

Those serving on the committee with Mrs. Tucker are: Mrs. Dave Greer, Hughesville; Mrs. Belle Stevens, Sedalia; Mrs. Guy Berry, Sedalia; Mrs. Ray O'Dell, La Monte; Mrs. J. H. Edwards, Sedalia; Mrs. Nan Mahnken, Ionia, and Miss Laura Kruse, Smithton.

Electricity's Part In Defense

Rural Electrician's part in Nutrition for Defense will be the subject of a special broadcast over the Columbia Broadcasting System at 11:00 a. m., Sunday, November 9.

Paul V. McNutt, Coordinator of Health, Nutrition, Welfare and Related Defense Activities and Harry Slattery, federal administrator of the Rural Electrification Administration, will be the main speakers on the program.

A discussion group consisting of a home demonstration agent, a county superintendent of schools, and a Rural Electrification Administration director will participate also.

The process of equipping a food processing center for use in demonstrating improved diets and providing hot school lunches will be explained on this broadcast.

Farm families with electricity available will be particularly interested in this program.

Poultry Mash Should Contain Vitamin D

This is the time of year when it is essential that the poultry mash ration contains from one per cent to 1 1/2 per cent of vitamin D supplement such as sardine oil, says C. E. Rhode of the University of Missouri College of Agriculture. One per cent is adequate for flocks producing market eggs, while the larger percentage is desirable for breeding flocks.

CORRECTION

The Oak Grove Home Economics club had met the standard of achievement in time for the club's name to be read at the Farm and Home Week meeting but was unintentionally left off the list in last week's farm page.

The smoke of a great forest fire near Duluth, Minn., was traced as far as Texas after three days.

National Education Week Will Be Observed Here

With "Education For a Strong America" as the 1941 theme, the public schools of Sedalia will observe the twenty-first American Education Week from November 9 to 15, with programs held in many city schools. Parents have been invited to visit the schools during the week in order to see for themselves how methods of education have progressed.

"The theme of the twenty-first observance of American Education Week should strike a responsive chord in the hearts of patriotic citizens," President Roosevelt asserted in a special statement this week. "Education for a Strong America has in it a timely note of optimism. It reminds us of the sources of our inherent strength—the courage and fortitude of individual men and women devoted to freedom and its defense."

Today's young Americans are

not taking their freedom for granted, the President maintained. They are being taught that freedom must be held by each generation; that it is not by hoarding, but by sacrificial giving that life gains meaning and power.

"Organized education does its full part to make America strong," the President stated. "It helps to dispel ignorance and confusion. It builds knowledge and character. It stimulates a desire to achieve the satisfactions of the good life and to eliminate evil from the world."

"The challenge of today's tragic world is ever with us. We must guard against any feeling of fatalism. The shape of things to come is ominous only to those who lack resolution; who fail to sense the inherent strength of Democracy; who lack faith that we live in a moral universe in which truth, righteousness and justice will eventually be made to triumph."

FSA Assists Over 114,576 Families

That Number In State Get Help In Rehabilitation

COLUMBIA, Mo., Nov. 6.—More than 114,576 families have been assisted in Missouri by the Farm Security Administration since the rural rehabilitation program began in 1935, Stephen Hughes, state FSA director, reports.

Mr. Hughes said that in the past six years, 63,253 farm families have received loans and an additional 51,323 families have had other rehabilitation assistance.

The loans, which are self-liquidating, are divided into two classes, "standard" and "non-standard," Hughes explained. "There are 30,538 standard loans in Missouri. These have been made to farm families on the basis of long range farm and home plans, needed to help them get back on a self-sustaining basis."

"Emergency or non-standard loans have been made to 32,715 families whose condition was not quite so critical as those which received standard loans. These families, which had suffered from the ill effects of one or two crop failures are expected to recover in a much shorter time than those who needed standard loans."

Since the start of the program, 10,781 Missouri borrowers have repaid their FSA loans.

In a limited number of cases, Hughes said, the FSA has found it necessary to make grants the first year in order to tide the family over to the first harvest.

In many cases it has been necessary to adjust a family's debts in order to carry on an effective rehabilitation program, he said.

These adjustments have been worked out with the help of the county debt adjustment committee, a group that stands ready to help serve all farmers whether FSA borrowers or not.

In negotiating for debt adjustment, the committee calls the farmer and his creditors for a friendly discussion. Often these talks result in a scaling down of obligations, reduction of interest rates and extension of the payment period. Both the debtor and creditor benefit from these arrangements. Often so-called "bad debts" are made good.

Hughes emphasized that FSA farmers are encouraged to raise

their own food, to improve their own diets, and to grow feed for their livestock.

"This program is succeeding," he said, "as shown by the fact that the average FSA family now produces 438 gallons of milk per family, 417 pounds of meat, and 341 quarts of canned fruits and vegetables for the winter. These figures will be increased as a result of the Food for Freedom program."

Hughes also revealed that of \$20,412,887 loaned by the FSA as of June 30, 1941, \$6,492,539, or 32 percent, has been repaid, plus interest.

Program With 'Mum' Show

The program, which will be held in conjunction with the fourth annual Chrysanthemum show, in the assembly room of the court house, Saturday sponsored by the Home Economics Extension club women, will be:

Mrs. John Vander Meulen, soloist, Mrs. John M. Rodeman, violinist and Miss Lillian Fox, pianist, following the floral show, the Women's Home Economics club chorus will sing, Marianina, and Long, Long Ago. Mrs. Harry C. Sammons will speak on chrysanthemums, and Mrs. Allen A. Ferguson will judge the flowers and give her reasons for decisions.

Mrs. Sammons and Mrs. Ferguson are representatives of the Sedalia Garden club.

Miss Burress To Be Honored

Miss Lida Burress, retired public schools teacher in Sedalia, will receive special recognition at an alumni dinner to be held at Laura J. Yeater Hall, in Warrensburg, at 6:30 o'clock Friday night.

Miss Burress, who taught in schools here for fifty-two years, retired last spring and was honored for her outstanding work at a public reception. She is a member of the graduating class of 1914 from Central Missouri State Teachers college, and will be honored with three other prominent alumni.

The other honor guests at the dinner will be Mrs. E. N. Johnson, Warrensburg, a member of the class of 1880; B. M. Stigall, Kansas City, class of 1898, and W. R. Selvidge, Columbia, of the class of 1900.

The well-known Sedalia teacher, who served as principal of Broadway school for over 30 years, hasn't had much time for retirement so far. She taught school every day this term, until a week ago, as a substitute at Washington school for Miss Doras Herndon, who was injured in an automobile accident early last summer.

Plan Decorations For Christmas

Christmas decorations for Sedalia this season will be entirely new, and many more lights will be utilized with evergreens to put a holiday face on the business district of the city, according to plans disclosed yesterday by the Christmas decorations committee of the Sedalia Chamber of Commerce.

Albert Zuercher, chairman of the committee, which met at the C. of C. office at 3 o'clock Wednesday afternoon, signed a contract with Mrs. L. R. Raines for decorations after the committee had studied other bids submitted by decorators.

Each string of spruce strung across the downtown district streets will be lighted, instead of every other string, as they have been in former years. A new type of lamp post decoration has been designed by the decorators for use in Sedalia and will include a Santa Claus and stars in patriotic blue and red colors. Work on the decorations will begin within the next few weeks.

Members of the C. of C. Christmas decorations committee are Roy Burkholder, George Lockett, Richard Bates, C. A. Miller, Joe Rosenthal, Art Conrey, Harry Waldman and Douglas Kennedy.

Former Sedalian Honored By Masons

S. Otis Woodsmall of Houston, Tex., formerly an electrician at the Missouri Pacific shops has been selected by the supreme council of Washington, D. C. to receive the Knight Commander of the Court of Honor at the Little Rock Consistory Tuesday November 11. He was one of eleven from the Arkansas Consistory to receive this honor.

Mr. Woodsmall is visiting his sister-in-law Mrs. Werner E. Botts and Mr. Botts of 237 South Park avenue.

Had Vacation In Colorado Miss Josephine Youngkamp, daughter of Mr. and Mrs. J. H. Youngkamp, of Smithton, who is employed by the Federal Housing Administration, in Kansas City, recently enjoyed a two weeks' vacation, which she spent in Grand Junction, Colo., visiting her

sister, Mrs. Leo Weber and Mr. Weber. She visited several places of interest, stopping en route home in Denver.

Defense Topics In Press Meet

COLUMBIA, Mo., Nov. 6.—Military and national defense will provide two topics for discussion at the seventy-fifth annual meeting Friday and Saturday in Kansas City of the Missouri Press Association.

The military angle will be provided at the Saturday night dinner, at which Lieut. Col. R. Ernest Dupuy of the army bureau of public relations will speak and soldiers from Ft. Wood will provide entertainment in the form of "A Night at Ft. Leonard Wood."

Discussions will include such topics as materials and supplies under the defense program, circulation, advertising, and the newspaper and its government, with speakers including W. E. Freeland of Forsyth, Harry G. Waltnier, Jr., of the unemployment compensation commission, Lieut. Fred W. May of Lebanon, George H. Scruton of Sedalia, W. W. Latimer of Kansas City, Leo Carle of the Mergenthaler Linotype company, C. E. Lounge of Kansas City, Henry D. Bradley of St. Joseph, Vernon T. Sanford of the Oklahoma Press Association, I. A. Myers of Sikeston, William F. Knox of Warrensburg, George C. Nagel of St. Louis, Fred J. Wright of St. Louis, C. M. Keller of Moberly, C. E. Watkins of Chillicothe, president, and H. R. Long of Columbia, business manager of the Missouri Press Association, H. R. McCall, Chillicothe and Dean J. Edward Gerald of the University of Missouri journalism school.

Condition of T. M. Strole Is Still Critical

Thomas Melvin Strole, son of Mr. and Mrs. P. L. Strole, 618 South Barrett avenue, who is in a critical condition in St. Louis, the result of injuries received in a fall, is about the same, and said to be holding his own, according to word received here today.

Mr. Strole returned Wednesday from St. Louis, where he was called after the accident, and Mrs. Strole went to that city Wednesday night, to be with her son.

Suspended Sentence Is Given To Nudist

NEOSHO, Mo., Nov. 6.—(P)—Lawrence Viebig, 33, Lebanon, pleaded guilty in justice of peace court yesterday to a charge of indecent exposure and received a suspended sentence of one year in jail.

Justice J. D. Morgan released Viebig to relatives on condition he would be given medical treatment. An insanity complaint against him was dismissed.

Sheriff Russell Patterson said Viebig had been identified as the unclothed man seen several times in Neosho and Newton county.

PTA Council Holds Meeting

National Officer, Mrs. Nelson, To Visit Missouri

The P. T. A. Council met at the Library Wednesday afternoon, Mrs. Paul B. Zink, president, presiding. The devotional, a poem "We Shall Find Peace," was given by Mrs. Gambler, president of Whittier school, Mrs. M. E. Green, Sedalia district president announced a district Parent Teacher meeting to be held at Marshall at 10 a. m. November 11 at South-east school.

Missouri is to have the benefit of the services of Mrs. Harry Nelson of Montgomery, Ala., part time field secretary for the National Congress, during a part of the month. Mrs. Nelson has had wide experience in conducting schools of instructions and institutes both in her own state and lately in other state branches. She is office manager of the Alabama School Journal. P. T. A. members feel these meetings throughout our state will be invaluable to all and especially those unable to attend the recent convention. Mrs. Nelson is to be the morning speaker at Marshall. Delegations from this district are asked to attend.

Mrs. Zink reports that November is an especially busy month for parent teacher work, asking that each unit observe Book Week, National Education Week and National Art Week.

Miss Nettie Lamm of the library, gave another ten minute talk on parliamentary procedure which grows more interesting with each session. The third and last will be at the December meeting.

Services Friday At Temple Beth El

Dr. Harry S. May, rabbi of Temple Beth El, will speak on "Rabbi Akiba—Jewish saint and rabbinic giant of antiquity," at services Friday evening, 8 p. m.

This lecture will deal with the life of one of the greatest leaders in post-biblical history. An authority in Jewish legislation, philosophy, a leader in civic and political affairs—his life is like a beacon of hope to a generation which is looking for leadership and spiritual renaissance. Guests are cordially invited.

"The Keys of the Kingdom," will be the title of the book review on Tuesday, November 11. Get your reservation. Call 2863. This public book review will be open to all friends of Temple Beth El.

Why BLOW in Public!

Stuffy Nostrils May be opened Quietly, Gently, Cleanly with MENTHOLATUM

Why make all the noise and fuss of blowing, why display an unclean handkerchief? Avoid this by inserting Mentholum in the nostrils. Mentholum checks the need of nose-blowing because it clears nostrils clogged-up by a cold. And Mentholum permits you to do this quietly, gently, cleanly. Jars or tubes, 30c.

MENTHOLATUM BUY DEFENSE BONDS and STAMPS

Personals

Mrs. Earl Evans of 1521 West Main street left today to spend the weekend with friends in St. Louis.

Mrs. Katherine Vear, of Kansas City, arrived today to visit her brother and wife, Mr. and Mrs. E. Bibbs, of Windsor, Mo. Mrs. A. P. Phillips, who has been visiting for two months with Mr. and Mrs. R. R. Highleyman, left today for her home in Orlando, Fla.

Mrs. Walter Williams, who has been visiting with her cousin, Mrs. Maude Williams of 414 East Thirteenth street, left today for her home in St. Louis.

Mr. and Mrs. Albert V. Clayton and son, Michael Joseph, of Lyons, Kas., are visiting Mr. Clayton's parents, Mr. and Mrs. N. O. Clayton, 906 South Massachusetts avenue, and next week

will visit Mrs. Clayton's parents, Mr. and Mrs. J. W. McClure, formerly of Sedalia.

Sergeant Jack Connelly, son of Mr. and Mrs. Charles Connelly, 217 West Seventh street, has arrived home on a three weeks' furlough from Fresno, Calif. Sergeant Connelly is in the air corps.

Mr. and Mrs. J. H. Youngkamp, of Smithton, has as their guests last week-end, their daughters, Misses Josephine and Imogene Youngkamp, of Kansas City, and William J. Murphy, of Sedalia.

Paul Bidstrup left Tuesday for Panama, to accept an appointment with his government. He visited with his parents, Mr. and Mrs. B. I. Bidstrup of Clifton City, also with a sister, Miss Adda Bidstrup of St. Louis before going to New Orleans, La., to embark on a ship.

You're in for a treat when you serve

baked beans

the KARO way!

To add new flavor and zest to that old favorite dish—baked beans—try this simple recipe. Watch your family "perk up" and call for more!

BAKED BEANS, KARO STYLE

2 cans baked beans (12 oz. cans)
 2 tbs. chopped onion
 2 slices chopped cooked bacon
 1/2 cup Karo (blue label)
 1/2 cup strained canned tomato

Combine all ingredients, and mix thoroughly. Turn into a greased baking dish or casserole, and bake in a hot oven (400 degrees F.) 25 to 30 minutes. Makes 4 generous servings.

Remember—Karo Syrup adds food value and flavor to all cooked dishes—'cause Karo is rich in DEXTROSE, food-energy sugar.

Apple Luncheon Casserole

Pare, core and cut the desired number of apples in eighths. Put 1/2 parboiled sweet potato for each serving in a buttered casserole. Top with apples. Sprinkle with 1 tablespoon brown sugar for each apple used—depending, of course, on how many your family can eat—and top the potatoes and apples with thin slices of ham cut in strips. Cover and bake in a moderate oven until the apples are done—about 35 minutes. Uncover for the last 10 minutes to brown top.

Sliced Apple Salad

3 large red apples
 1 package cream cheese
 2 tablespoons current jelly
 2 tablespoons minced raisins
 French dressing
 Water cress (or other salad greens)

Core but do not peel the apples. Slice crosswise one-quarter inch thick. Cream together the cheese, jelly and raisins and spread the apple slices with this. Moisten the cress with the french dressing and place a handful on each plate. Lay the apples on this, and if desired, garnish with whole raisins.

Pork and Veal Loaf (Six servings)

One-half pound ground veal, 1 pound ground pork (2 cups), 3/4 cup cracker crumbs, 1/2 teaspoon salt, 1/4 teaspoon pepper, 1 1/2 teaspoon sage, 2 eggs, 2 tablespoons milk, 1 tablespoon butter, melted. Mix meat, cracker crumbs, salt, pepper and sage together, lightly. Beat egg, milk and butter together; add to meat mixture.

Shape in greased medium-sized loaf pan and bake in moderate oven (350 degrees F.) for 1 hour and 15 minutes or until well done throughout and nicely browned on the outside.

We are always looking for new ways to "pep-up" the root vegetables which are so cheap to buy and so necessary in our diet from a nutritional standpoint.

Turnips With Green

APPLE STRUDEL

Sponsored by Mrs. C. C. Shuttler Secretary, Mo. Fair Bureau

1 1/2 c. flour 1/2 teaspoon salt
 1 tbs. shortening 3 tbs. milk
 1 egg 2 cups finely chopped peeled apples
 1/2 cup sugar 1 tbs. cinnamon (additional)
 1/2 cup fine dry bread crumbs 1/2 cup shortening (additional)

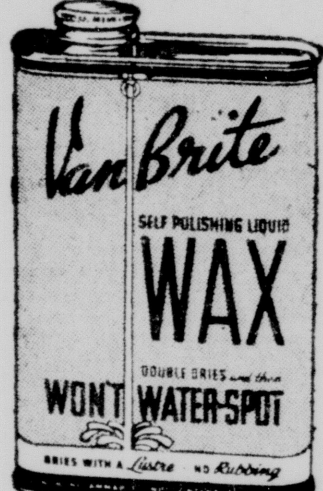

Sift the flour and salt; and work in the shortening until flaky, with a knife. Combine the milk and the egg, well beaten, and add to the first mixture. Work with a spoon to form a soft dough. Combine the apples, raisins, almonds, sugar, cinnamon and the bread crumbs browned in the shortening. Transfer the dough to a board dusted with flour; and roll as thin as possible into rectangular shape. Spread with the prepared apple mixture and lightly press the filling into the dough with the rolling pin. Roll the strudel up like a jelly roll; and transfer to a shallow pan. Bake in a moderate oven, 350 to 375 degrees F. for 40 minutes, basting twice during the baking with a little melted shortening.

Be glad when your family calls for apples and still more apples. Give them apples every day. Help them keep fit for each day at work or school. Serve apples the "protective food," rich in minerals and vitamins. Serve Missouri Apples because they are so good!

Just your grocer what varieties he has in stock.

Save Time and Money By Shopping These Food Bargains

Meat Buying Made Easier

By George Rector

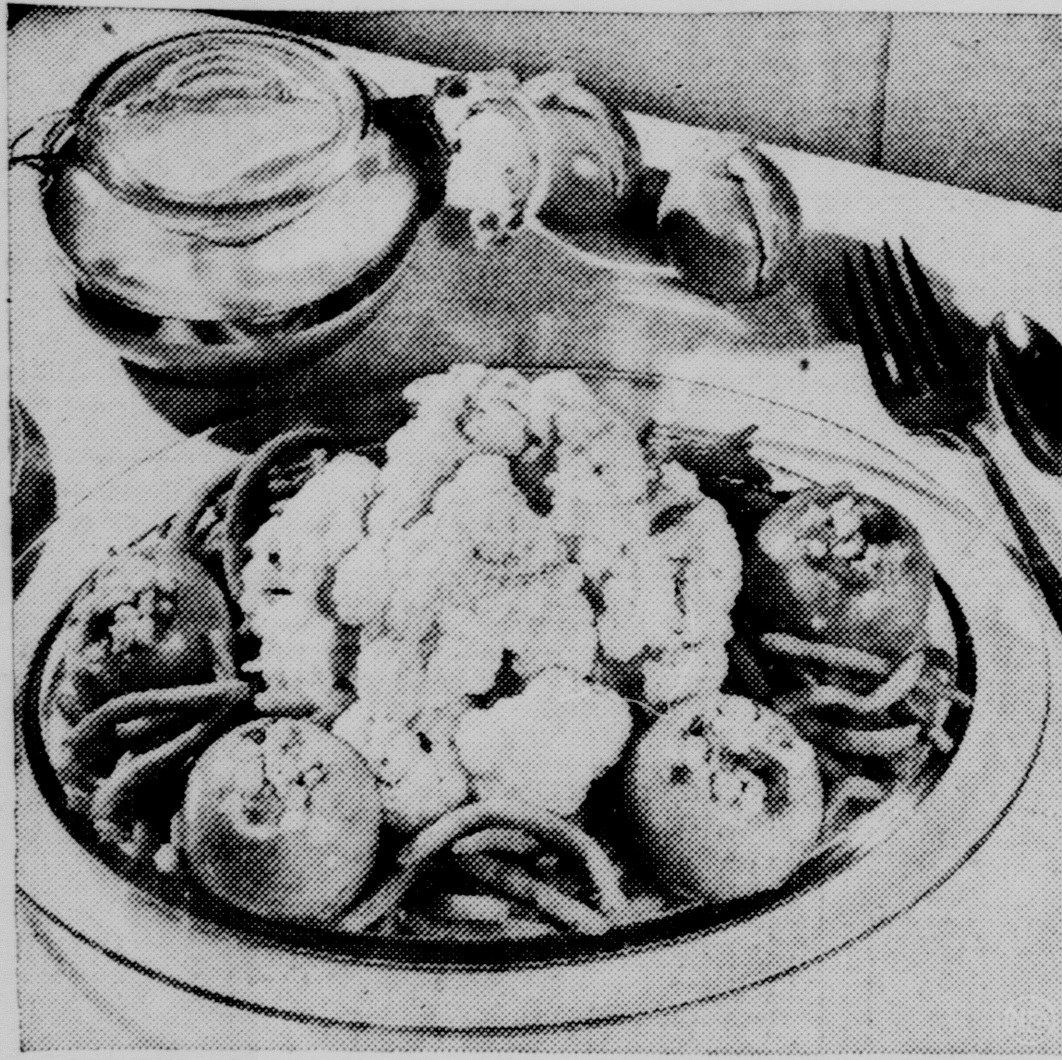

Do you shop for your meats in person?

It will pay you, now especially, to make an early visit to your meat dealer's to see the new type of beef, lamb and veal in a glistening coat of crystal-clear gelatine that marks the greatest advance in the preservation of meat freshness since the invention of the refrigerating car.

A 1941 discovery, this new type of meat protection has finally fulfilled for the meat packer a 50-year dream of delivering meat to your table at its peak of freshness, juiciness and tenderness.

Beef, lamb and veal by this new gelatine-sealed process, are now rushed from the packer's great refrigerating coolers to be coated over every inch of exposed surface with a pure, crystal clear, edible meat gelatine that seals the meat completely from air and evaporation as well as from dust and contamination while in transit to your dealer's cooler.

Different from all previously used covers were mere wrappings, this new, transparent gelatine film is as pure and edible as the gelatine you use in your desserts and salads. It need not be removed before cooking. The gelatine-sealed meat browns like any other, the gelatine film helping to seal in the meat juices, then melting

Vegetable plate with cheese sauce is balanced, low-cost main dish.

to form a smooth, rich, natural thickener for the gravy.

Just as you can get vegetables garden-fresh, with all their original goodness and flavor unimpaired, so now you can get beef, veal and lamb, cooler-fresh, with

more of the natural juiciness and delicate flavor of the meat.

These new gelatine-coated meats stay protected from plant cooler to dealer's cooler. They arrive fresh, and you get the enjoyment of their greater freshness, juici-

ness, and tenderness at your home table.

If you are interested in trying this new gelatine-sealed meat, you will have no difficulty in recognizing it at a glance. The crystal-clear gelatine over the meat, has a fresh, bright sparkle that attracts attention immediately. The juiciness of the meat and the extra-fresh, clear color of both meat and suet are easily observable through the transparent coating.

I shall feel a particular satisfaction if I find that through this article I have been instrumental in helping you and other home-

makers to realize a long-entertained wish for the enjoyment of meats that have their original tenderness and that retain their fresh juiciness and flavor.

Stuff pre-cooked egg plant halves with a mixture of sausage meat and bread crumbs. For a flavorful dinner or luncheon dish add grated parmesan or nippy longhorn cheese to the filling.

The United States imported 662,577 pounds of inedible tallow during the second quarter of 1940.

SUNDAY DINNER Suggestions

COMES autumn, and there's an urge to round up friends you've been too busy—or too hot—to see during the summer months. It's a grand idea at this season of the year, and can be accomplished easily even by the amateur housekeeper with a limited budget. It's all in what grandmother called "know-how," the planning of meals that have a festive air, but won't take too much from either the hostess' time while her guests are there, or from her purse while marketing.

Good news for the prospective hostess is that meat prices, generally speaking, are down this week. Lower prices also prevail on roasting chickens that can be popped in the oven before the arrival of the guests.

Plenty of excellent vegetable buys are reported. Celery, lettuce, beets, string beans, peppers, sweet potatoes, broccoli and cauliflower—easily prepared and not too costly—are available.

With an eye toward dinner for your first fall entertaining, Marion Rouse Budd, of the A & P Kitchens, has prepared the following menus at different price levels. Many of the items can be prepared in advance of the guests' arrival.

Low Cost Dinner

Sauerkraut Juice
Barbecued Spareribs
Mashed Turnips
Green Beans in Onion Sauce
Bread and Butter
Cinnamon Baked Apples with Cream and Ginger Cookies
Tea or Coffee

Moderate Cost Dinner

Vegetable Soup
Chuck Roast of Beef with Mushroom Sauce
Stuffed Baked Potatoes
Baked Eggplant
Bread and Butter
Waldorf Salad
Pumpkin Chiffon Pie
Tea or Coffee

Very Special Dinner

Pork Chops with Celery and Onion Dressing
Brown Gravy
Sweet Potato Pone
Cauliflower with Mock Hollandaise Sauce
Tossed Green Salad
Party Rolls
Applesauce Cake with Sliced Cream Frosting
Tea or Coffee

Pepper Dressing

(Six servings)
Three cups turnips, diced, boiling water, 5 tablespoons butter, 1 teaspoon salt.

Place boiling water in saucepan and drop turnips into water; cover; boil gently for 15 to 20 minutes or until tender. Serve with green pepper dressing.

Green Pepper Dressing

(Six servings)
Two tablespoons butter, 1 tablespoon flour, 3/4 cup milk, 1/2 cup grated onion, 1 cup green pepper, chopped, 4 tablespoons water.
Melt butter and add flour; add top milk and cook in saucepan for 15 minutes, stirring constantly. Cook onion and pepper in water for 5 minutes; add to white sauce. Pour over the turnips and serve.

It's revolutionary! The New GELA SEALD Process KEEPS BEEF COOLER-FRESH*

The most amazing improvement in Fresh MEATS in 50 years

For the first time you get Beef, Lamb and Veal with the original freshness, juiciness and tenderness completely SEALED IN

Don't miss these new Cooler-Fresh* meats. Ask your dealer for Wilson's new Gela Seald Beef, Lamb or Veal and serve it to your family. See how they relish it. You cook the pure, crystal-clear gelatine that protects Gela Seald meats—right along with the meats. It enriches the flavor of the meat—and gravy. Don't wait. See your meat dealer today. If he hasn't Wilson's New Gela Seald meats, he can easily get them for you.

WILSON'S NEW Gela Seald BEEF LAMB VEAL

The Wilson label WILSON & CO. protects your table

***Cooler-Fresh**
If you could get fresh beef, veal or lamb right from your cooler and cook it on the spot, you'd have meat at the very peak of its original freshness. The new Wilson's Gela Seald Process is the next thing to this ideal. We seal in the original goodness of the meats—right at our cooler door.

U. S. Inspected and Passed by the Department of Agriculture

Serial Story . . .

For the Love Of Pete!

. . . by Burton Benjamin

Copyright 1941, NEA Service, Inc.

THE STORY: It seems strange to sit in the California stands at State's opening game of the season and hear people around her "Greatest football player in the country" they say of the boy when they were freshmen three years before. With George Lann-brocker, they had shared college fun and plans for the future—Anne and Pete to marry before he started to medical school, State wins the game in a walkaway, and as Anne returns to the hotel to wait for him for a brief meeting before her train leaves for the east, George reminds Pete that there's a big alumni celebration scheduled. Then Pete receives a note from Hollywood star Stephanie Stevens, asking him to meet her after the game.

CHAPTER II

PETE LAIRD stepped out of the locker room door into a maelstrom of people. It made the California game seem like a taffy-pulling contest at the Ladies' Aid Society.

"There he is!" shrieked dirty face.

"Sign this," commanded pug-nose with pigtailed and an auto-graph book.

"This way!" bellowed the perspiring one with a camera.

Hemmed in, clawed, Laird tried to fight his way through the eager faces. "Gimme a hand!" he gasped to a cop who was trying to push the mob back.

They finally retreated far enough for Pete to fix his coat and straighten his tie. Laird clutched the cop's arm. "Get me outa this," he pleaded.

"Where to?"

"Gate D," said Pete. Giggling and gawking, the mob began to stir again. Pete felt like a two-headed man at a freak show.

They pushed their way through the crowd and finally got out of

the ramp. "Gate D's two entrances down," said the cop. "I'll try and keep these people back."

Pete walked swiftly toward the entrance. The wolves had given up the chase except for two photographers who followed on the run.

Stephanie Stevens' limousine was unmistakable. It was sleek and shiny, long as a hearse. Blinds were drawn in back and a chauffeur sat in the open front seat.

"This Miss Stevens' car?" Pete asked nervously.

"Yes, sir," replied the chauffeur, snapping out of the seat. "Are you Mr. Laird?" Pete nodded.

"Won't you step in, sir?" The chauffeur opened the door.

"Hey, Joe," speculated an approaching photographer, nudging his companion. "Ain't that Stephanie's battle wagon?"

"Yeah, man," whistled his colleague. "Say, the boss is gonna love this! Follow Laird for a few routine shots after the game, he tells me. I say, 'Sure, boss, I'll get yuh something.' But when he sees the great Laird with this . . ."

He smirked with his lips.

Dazzling eyes and a gay smile welcomed Pete Laird as the door opened. Hollywood's Stephanie Stevens, stepped out. She was breath-taking—dark eyes, pert nose, inviting mouth, a figure that had press agents checking their lists of adjectives.

"What a dish!" muttered one photographer. "Say, Miss Stevens—Mr. Laird," he called, "how about a few pictures?"

"What is this?" said Pete, annoyed, "a gag?"

"Why, Mr. Laird," protested Stephanie, grasping his arm, "how ridiculous. I had no idea you'd bring every photographer in town with you!"

Pete looked down at her and grinned sheepishly. As he did, two cameras clicked. "Guess you're right," he said. "Wish I could shake these birds."

"Why not get in the car, and we'll drive away from here?"

Dazzling eyes and a gay smile welcomed Pete Laird as the car door opened and Hollywood's Stephanie Stevens stepped out.

"Say," asked one of the photographers, "how about a few pictures?"

Stephanie stood there looking amused. "Come on," her smile said. "Not afraid, are you?"

Pete was about to refuse. There was Anne waiting for him, a team banquet—he couldn't go on any joy rides with . . .

Stephanie stood there looking amused. "Come on," her smile said. "Not afraid, are you?"

He took her arm. "Let's go. Guess I could use some air."

The cameramen were still firing away as they left, but he didn't notice. He couldn't take his eyes off this perfectly lovely girl sitting beside him.

Stephanie puffed a cigaret and laughed gaily. "Not offer you one," she said. "Trainings, aren't you?"

"That's right. Have to keep in shape."

"Want to know what this is all about?" she asked, with a twinkle. "I'll bet you think I'm pretty nervous. No co-ed would dream of doing this, would she?"

He flushed. "Well," he admitted, "I'm just a little confused."

"Pete, here's the story." She sat up straight, doused her cigaret. She was actually intense—as if explaining it all to him was the most important thing she had to do.

"I'm a funny sort. I have violent likes and dislikes. Above all, I like people who excel. I heard Lily Pons sing once and chased her for four days to get an introduction . . ."

"Today I saw you play football," she continued. "You were magnificent. There was a certain art to it—a perfection you find in one person in a million."

"And that's why you wanted to meet me?" he asked.

"That's right, Pete," she said simply. "You're the greatest football player I've ever seen, and I had to meet you."

"I'm glad," he smiled. "I like people who go after what they want." He moved closer to her.

"Miss Stevens, if someone had told me I'd be sitting next to you today, I think I'd have laughed right in their face."

"And vice-versa."

THE car picked up speed. "Where are we going?" he asked.

"To a party," she replied. "I'm having a few people over tonight. Interesting crowd—Hollywood big shots and little shots, but all fun. You'll like them."

He frowned momentarily. There

ince, so to speak, of her Soviet neighbor.

The tenure of the Red Army was brief. When the Berlin-Moscow milk and honey treaty soured, the Letts became a buffer group. Where clumped the Russian boot now clamped the Nazi fist.

Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Should hotel guests talk in

low voices so as not to disturb those in neighboring rooms?

2. Should a hotel guest keep his radio tuned low?

3. Does a thoughtful person leave his hotel room, when he is to be gone from it for hours with all the lights turned on?

4. Should an unmarried woman signing a hotel register write "Mary Jones"?

5. Should a man signing a hotel register for himself and his wife write "John Jones and Wife"?

What would you do if—
You are stopping at a hotel and on your floor there is a noisy party going far into the night—
(a) Go to the room where the

party is, knock on the door and complain of the noise?

(b) Make your complaint to the management?

Answers
1. Yes.
2. Yes.
3. No.
4. No. "Miss Mary Jones."
5. No. "Mr. and Mrs. John Jones."
Better "What Would You Do" solution—(b).

A hackmore is a kind of halter or part of a bridle.

Cranium Crackers

Turkey Time

November finds the nation celebrating two Thanksgivings again, but that famous holiday isn't the eleventh month's only claim to fame. Before you settle down to dining on drumsticks, see if you can drum up the answers to these questions.

1. On what day in November does All Hallow's, or All Saints' Day fall?

2. What is the November holiday now forgotten by some of the

world's nations that once observed it?

3. What famous British leader was born Nov. 10, 1871? What Polish leader on Nov. 6, 1860?

4. On what days are various U. S. states celebrating Thanksgiving this year? Which was the president's choice?

5. Congress first met in Washington, D. C., in November. What year was that?

Russian, German Armies Take Turns in Latvia

LATVIA, one of the three Baltic states, echoes to the tramp of marching feet again as the German army of occupation directs the shipment of grain and foodstuffs from the country.

Latvia, where to be a good farmer is the highest ambition, was created as an independent state in 1918. The hard-working peasants enjoyed a fair measure of prosperity from their fertile farms, and the stamp above, issued in 1939, depicts a farmer harvesting wheat.

The cauldrons of the Baltic bubbled and boiled as intrigue became rampant and the European drama waxed intense. Latvia overthrew its government in 1934 and good farmer Karlis Ulmanis became dictator.

Ulmanis faded from the picture when the Russian Red Army moved in on the Baltic "triplets" in 1940 and Latvia became a prov-

Decline Hits The
Grain Market
CHICAGO, Nov. 6.—(AP)—Grain
prices went into reactionary retreat
today which market experts said
could be expected after a sharp ad-
vance such as occurred yesterday.

Wheat and rye sagged more than
a cent at times, with soybeans off
more than two cents and corn and
oats down fractionally.

Wheat closed 1/2 to 1 cent lower
than yesterday, December \$1.16, May

Armstrong Will Give Up The Ring

NEW ORLEANS, Nov. 6.—(AP)—Because he was the only hurt in an automobile accident, ham-

mering Henry Armstrong of the triple crown, has given up all thought of returning to the ring in which he won nearly 300 fights. "I sort of took it as a warning," said, the only men who has ever

held three world boxing titles at once. "I've been appearing in some exhibitions and thought if I felt all right in those bouts I'd try a comeback."

"But a month ago in Oklahoma my arm turned over. I broke my finger and nobody else was hurt. My finger's all right, but that incident decided me. For the first time I say definitely I'm not going to fight any more."

"I don't want to tear down with one poor fight the reputation I built up in 12 years."

In partnership with Freddie Sommers of Los Angeles, Henry is managing a stable of fighters.

Tigers On A Long Trip To New York

KANSAS CITY, Nov. 6.—(AP)—Big Six teams may not improve their football reputations a heap this weekend but they will see a lot of pretty country.

Missouri's Tigers were off today on a long jaunt to New York. They'll sandwich a ball game with New York university's wilted Violets in between sightseeing trips to Manhattan and Washington.

The governor of West Virginia said last week he was getting sick and tired of his football team getting beat every Saturday. So Kansas is going up there to play day after tomorrow.

The hapless Huskers mincestep into the presence of mighty Minnesota and Nebraska will never have a better opportunity to run their three-game losing streak to an even four.

Kansas State, all hepped up after their upset victory over the Huskers last week, entertain South Carolina. The Southern conference lads have an upset victim to their credit too—Clemson. The Gamecocks' record shows one loss—to Georgia. But you don't have to apologize for that in Kansas.

Iowa State might beat one Oklahoma team and they could stop two, but the wacky Snorter Luster grew a third one last week. He says he intends to use it too, Saturday at Norman.

Second guessers will be ogling at this—the only conference contest—to get a line on Missouri and Oklahoma against a common foe. The Tigers did it to the Cyclones, 39 to 13.

Bad weather and the rush to catch trains limited practices yesterday to signal drills and diagnosis of enemy formations. Injury lists throughout the league were at a low mark for the season.

Lonborg Coach For All-Star Quintet

CHICAGO, Nov. 6.—(AP)—Arthur (Dutch) Lonborg, Northwestern university basketball mentor, today was appointed coach of the college all-star quintet, which will play the Oshkosh, Wis., national basketball league champions Nov.

Ten Pointers To Safe Hunting

With the opening of the quail season in Missouri Monday, there will be a large amount of shooting in state forests and fields. Here are "10 Commandments" of hunting safety which should be kept and read frequently by every Sedalia, Pettis county and Missouri hunter:

- 1—Treat every gun with the respect due a loaded gun. This is the cardinal rule of safety.
- 2—Carry only empty guns, taken down or with the action open, into your automobile, camp and home.
- 3—Always be sure that the barrel and action are clear of obstructions.
- 4—Always carry your gun so that you can control the direction of the muzzle even if you stumble.
- 5—Be sure of your target before you pull the trigger.
- 6—Never point a gun at anything you do not want to shoot.
- 7—Never leave your gun unattended unless you unload it first.
- 8—Never climb a tree or a fence with a loaded gun.
- 9—Never shoot at a flat, hard surface or the surface of water.
- 10—Do not mix gunpowder and alcohol.

ember 28, in Chicago Stadium. Longborg also directed last year's all-star team, which defeated the Harlem Globe Trotters, 44 to 42. The squad is to report to Longborg November 15, at the Evans-ton high school.

Smithton Boys And Girls Win

The Smithton "Tigers" and the Lincoln "Cardinals" basketball teams met in a very exciting conference game in the Smithton high school gymnasium Tuesday night. The score at the half was 18-11 with the "Tigers" on the long end. The final score was 48-22.

The Lincoln squad holds the P. C. A. A. championship for which Smithton is gunning this year. Jackson of Smithton was high point man for the game with 15 points.

The starting lineup for Smithton was: Bremer, DeWan, Jackson, Meyer and Page. All of Smithton's first ten men were given a chance to play. Smithton attributes victory to a fast offense and a rushing defense. This week end the Smithton team will go to LaMonte to take part in that tournament.

As a preliminary to the basketball game the Smithton girls and the Lincoln girls locked horns in a volley ball game, the score of which was 51-19 for Smithton. The following girls took part in the game: Monsees, Bolte, Pace, Momborg, Dorothy Ulmer, Darlene Ulmer, M. Walz, V. Walz, Blumh, Pabst, Young and Youngkamp.

On Thursday and Friday nights of last week the girls volleyball team of Smithton attended the Clarksburg basketball and volleyball tournament. Thursday night the Smithton girls defeated the Syracuse volley ball team by a score of 28-25. On Friday night the Slover girls defeated Smithton 26-15. The following girls made the trip: Monsees, Dorothy Ulmer, Darlene Ulmer, Bolte, Pace M. Walz, V. Walz, Reuter, Momborg, Blumh, Pabst, Youngkamp and Young.

Football Teams Desert Columbia

COLUMBIA, Mo., Nov. 6.—(AP)—There was plenty of excitement around the railroad station here this morning.

At 8 o'clock Coach Don Faurot bundled a varsity squad of 38 on board a special train for St. Louis and points east. A few minutes later the Tiger "B" team, 22 players strong, and a freshman delegation of 23, boarded another special train for Fort Riley, Kas., where they will meet two service-men teams tomorrow.

The varsity will leave St. Louis at noon for New York and arrive there tomorrow morning. The day will be spent sight-seeing with a brief warmup at Yankee Stadium. After the game Saturday the team will entrain for Washington for a visit to the capital city Sunday, returning to Columbia in time for afternoon classes and practice for Oklahoma Monday.

The "B" squad and freshmen will return Saturday.

Longhorns Be Contenders For Rose Bowl Bid

Thumbs Down On Navy And Army Team In California

LOS ANGELES, Nov. 6.—(AP)—Rose Bowl stock of the University of Texas took a jump today with the disclosure that the Navy is on record as opposing at least one proposed post-season appearance by the Annapolis Middles.

Secretary Knox wrote a letter and combined with a recommendation by the superintendent of the naval academy which turned thumbs down on a proposed game between the Navy and the champion Army team in California or an all-star aggregation of service men in training out here.

The rejection did not apply to the Rose Bowl game, but the reasons given for the official decision might govern a Rose Bowl invitation, if and when extended. Harry Myers, American Legion executive, had been toying with an idea of matching Navy against a service team yet to be selected. He asked Secretary Knox if the academy might be obtained.

The secretary's replay was a definite "no." He quoted the academy superintendent as saying:

"The final game of the regular varsity season is scheduled November 29, 1941, against the United States Military Academy at Philadelphia. The present midshipmen of the first class (seniors) due to early graduation, will leave the naval academy on December 19, 1941, for duty in the fleet. "As there are several members of the first class on the varsity squad, these players would not be able to compete in the proposed game."

Secretary Knox added, "x x x I regret to state that it is not possible to comply with your request."

The midshipmen have been mentioned as a prominent possibility for a Rose Bowl appearance, even if they lost a game.

The Longhorns of Texas, voted the nation's top team in the Associated Press poll last weekend, meanwhile must be regarded more than ever as a leading contender for a Rose Bowl bid.

Farm Credit Groups Hold Conference

Two-Day Joint Meeting Concluded Here Wednesday

A joint two days conference of the Jefferson City Production Credit association, of which the Sedalia office is a part, and the Warrensburg association was concluded here late yesterday afternoon at the headquarters at Hotel Bothwell. The associations are farmers' cooperative credit organizations of which each borrower is a stockholder.

Theme of the annual conference, which was sponsored by the Production Credit Corporation of St. Louis, was extension of sound credit to farmer members.

S. A. Morrow, St. Louis, vice president of the corporation, was in charge of the conference and

was assisted by George C. Bates, St. Louis, the vice president's assistant; Sam J. Lewis, St. Charles, fieldman for the corporation; George A. Harrison, Jefferson City, secretary-treasurer of the Jefferson City association, and C. J. McGill, Warrensburg, secretary-treasurer of that association.

Among the 40 employees and officers attending the conference was Edward Heffernan of Sedalia, a director of the Jefferson City association, which serves 13 central Missouri counties, including Pettis county. The Warrensburg

organization serves six western counties.

Grover Sneed of Sedalia is field representative for Pettis county and Miss Maxine Scott is field clerk of the Sedalia office.

Pie supper and program, Oak Grove school, Friday night, November 7.—Adv.
